

HEALTH WARNING!

MEDICAL/SCIENTIFIC EXPERTS CALL TO DELAY DEPLOYMENT OF 5G - DUE TO HEALTH RISKS

DID YOU KNOW?

5G will be delivering DANGEROUSLY HIGH levels of radiation in the form of Millimetre Waves.

THIS HAS NOT BEEN MADE KNOWN TO THE PUBLIC!

ELECTROMAGNETIC RADIATION - THE FACTS YOU REALLY SHOULD KNOW ABOUT:

- 5G promises faster downloads but requires thousands of small cellular antennas, which will have to be set-up closer to your property/home. Each of these antennas will be constantly emitting **DANGEROUS LEVELS** between 26 - 28GHz millimetre waves of **RADIO FREQUENCY**
- There are **NOW RISING LEVELS** of **ADVERSE HEALTH EFFECTS** due to Electromagnetic Frequency Exposure, including [Electromagnetic Hypersensitivity](#)
- **Symptoms** of high levels of Electromagnetic Frequency Exposure include:
 - **Headaches, Fatigue, Decreased Ability to Concentrate, Irritability, Tinnitus** (ringing in the ears) and **Insomnia** - along with impacts on the **HEART** and **NERVOUS SYSTEM** reported to increase, where 5G will be initially installed. – [Dr Riina Bray](#)
- “The standard levels of radiation exposure that **The Australian Radiation Protection & Nuclear Safety Agency – ARPANSA** endorse – are dangerous levels for human health”. – [Dr Russell Cooper](#)
- Even at lower radiation frequencies scientists are reporting:
 - **Activation of Dormant Viruses and Antibiotic Resistance in Bacteria**
 - **Physiological effects - negatively impacting the Immune System**
 - **Loss of Insect Population – already declining**
- Radio Frequencies Electromagnetic Fields are **classed as a 2B level Carcinogen** - [World Health Organisation](#). This is in the same category as Lead and Engine Exhaust
- **MOBILE PHONES, CELL TOWERS, WIFI, COMPUTERS, IPADS, SMART METERS, SATELLITES, SOLAR PANELS, Cordless Phones/Radios, Baby Monitors, and other wireless devices (Non-ionising Radio Frequencies), currently in circulation - all EMIT POTENTIAL CARCINOGENS.**

****DO YOU KNOW HOW CLOSE YOU ARE LIVING OR WORKING FROM A 5G TOWER/SMALL CELL ANTENNA?**

To find out if **5G** has been implemented within close proximity to you and what radiation levels you are being exposed to - go to:

AMTA - Radio Frequency National Site Archive <https://www.rfnsa.com.au> and enter your address.

YOU & YOUR FAMILY MAY BE EXPOSED TO LEVELS OF RADIATION VIA 5G THAT WILL BE DETRIMENTAL TO YOUR HEALTH.

Penetrating our bodies via the skin to a depth of 8.1 mm with Electromagnetic Radiation - without our informed consent - is CRIMINAL ASSAULT.
